3-Layer Construction: Steel + Insulation + Steel

2" Thick Insulated Steel Garage Doors

4400
4401

Model 4400 Short Elegant Panel Design

With a 24-gauge exterior steel skin, lifetime warranty on the door and hardware and three-layer construction, you won't find a more durable, reliable and secure garage door than the Premium Series 4400 and 4401. The 2" of expanded polystyrene insulation and thermal break make these doors heat and cold resistant while the tongue-and-groove joint helps seal out wind, rain and snow. Combine the beauty of the Clopay Elegant panel design on the Model 4400 or contemporary flush design on the Model 4401 and you have the best garage door to suit your home style and lifestyle.

Beautiful. Durable. Reliable.

UNSURPASSED BEAUTY INSIDE AND OUT

Your garage door can account for over 40% of your home's curb appeal. Shouldn't it be as beautiful, durable and secure as the rest of your home?

- Available in two beautifully detailed panel styles: short Elegant (Model 4400) and Flush (Model 4401) designs with a natural wood grain door texture to complement your home's unique features.
- Available in four finished painted exterior colors or you can paint your door to match your home's trim.
- The door's flush steel interior has an attractive stucco texture and is finished painted white for a clean appearance.
- Galvanized torsion springs have shiny, polished appearance.
- Many beautiful window options are available to enhance your home's unique design and to provide an upscale appeal. (see back cover)

PANEL STYLES

In the interest of better quality and value, we are continually improving and updating our products. Consequently, photos and illustrations may sometimes differ from present models.

DURABLE CONSTRUCTION; RELIABLE OPERATION

- 1 24-gauge exterior steel skin bonded to 2" polystyrene insulation and steel interior skin for extreme durability while providing an R-value of 9.0 for energy efficiency and comfort.
- 2 Patented Safe-T-Bracket® cannot, under normal circumstances, be removed while door is under tension.
- 3 Aluminum bottom weatherseal retainer system is the highest-quality rust-proof design to effectively seal out the elements.
- 4 Weather-tight tongue-and-groove joint helps seal out wind, rain and snow.
- 5 Commercial grade 14-gauge galvanized steel hinges are durable, reliable and secure for lifetime operation.
- 6 High performance nylon rollers provide lifetime durability and quiet operation.
- 7 White finish painted galvanized end stiles for finished interior.

Illustration is for component location purposes only. Actual product has pilot holes on end stiles.

- 8 Step plates, inside and outside, make door easy and safe to close.
- Four spring options available: Galvanized torsion, EZ-SET® torsion springs (galvanized), extension springs with containment cables, and EZ-SET extension springs.
- Commercial grade track and extended life springing standard for lifetime operation.
- WINDCODE®: Doors available to meet all regional wind load requirements. Consult your local dealer for specific information.
- Door sizes: Custom heights and widths available. Consult your local dealer for specific information.
- Limited lifetime warranty on door sections, paint system, hardware and springs, helps guarantee years of trouble-free performance.

Enhanced Energy-Efficiency

Silicone-filled thermal break separates the outside from the inside steel skin, improving energy efficiency and comfort.

Galvanized Torsion Spring

Corrosion-resistant, long-lasting galvanized torsion springs offer up to a 50% longer cycle life than industry standard springs.

Due to some height and weight restrictions, not all product offerings include galvanized spring.

Step Plate/Lift Handle

Color matched exterior step plate/grip handles are durable, attractive and allow for safe opening and closing of your door.

Unsurpassed Rust-Resistant Surface

Steel skins are protected through a tough, layered coating system, including a layer of hot-dipped galvanizing, a protective metal oxide pretreatment, and a baked-on primer and top coat.
