CLASSIC™ LINE

America's Favorite Garage Doors®

Model 150L Long Traditional Panel Design with Optional Sunset 601 Window Design

At Clopay, we're building the next generation of garage doors with a patented, new finger-protection design that is unlike any other garage door on the market today. This new design helps make our doors the safest on the market; however, that's just the beginning. We've added even more details that continue the long Clopay tradition of building garage doors that are beautiful, reliable and durable, now backed with a new, extended hardware warranty. Our next generation Value Series offers more than any other garage door in its class. That's why we're right at home... on your home.

Sandtone

Chocolate

Due to the printing process, colors may vary.

Model 150S Short Traditional Panel Design with Optional Plain Window Design

PROTECTION FROM ACCIDENTS AND THE ELEMENTS

Our Safe-T-System® provides unsurpassed protection from accidents and the elements, including a unique finger-protection joint that is engineered to help push fingers out of harm's way. The complete line of Safe-T-System® features makes our next generation doors the safest on the market. (*Indicates optional features.)

1 Clear Weatherstop™ Joint Seal.

This patented design is a Clopay exclusive and provides additional protection from air infiltration and rain.

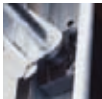

2 Safe-T-Hinge®

Helps prevent finger pinching on the inside of the door.

3 Safe-T-Roller®*

Covered roller that helps prevent fingers from being caught in the track.

4 Safe-T-Track®*

Creates a barrier that helps prevent insertion of a finger or hand into or behind the track.

5 Safe-T-Bracket®

Helps prevent serious injury that could occur if the bottom bracket were removed with the garage door closed and under tension.

6 U-shaped vinyl weatherseal slides into rust-proof aluminum retainer for protection against the elements.

Illustration is for component location purposes only. Actual product has pilot holes on end stiles.

Heavy Duty 25 Gauge

Steel construction and nylon rollers help assure long-lasting, quiet operation.

Rust-Prevention System

Steel skins are protected through a tough, layered coating system, including a hot-dipped galvanized layer, a protective metal oxide pretreatment, and a baked-on primer and top coat.

A FOCUS ON *green*

Clopay is committed to designing, manufacturing and distributing garage doors that enhance the beauty, safety and value of your home while minimizing the impact on the environment. For more details on Clopay's green practices visit clopaydoor.com/cgreen.aspx

WINDOW OPTIONS

Inspired by current architectural trends, our windows add natural light to your garage while adding curb appeal to your home. All Clopay window frames are UV-protected and are color matched to our prefinished door colors. Window frames screw in from the inside for easy glass replacement or to change designs.

Designer Collection Windows

Available in short or long panel designs, Clopay's Designer Collection Windows are created to complement many home styles.
