3-LAYER | STEEL + 2" INSULATION + STEEL

- 1 2" thick CFC-free foamed-in-place polyurethane insulation provides an R-value of 17.2.
- 2 Patented Safe-T-Bracket® helps prevent serious injury that could occur if the bottom bracket were removed with the garage door closed and under tension.
- 3 Bottom weatherseal in a rust-proof aluminum retainer helps prevent elements from entering garage.
- 4 Weather-tight tongue-and-groove section joints help seal out wind, rain and snow.

- 5 Galvanized steel hinges attached to backup plates are durable, reliable and secure.
- 6 Nylon rollers are smooth and quiet.
- 7 Prepainted white end stiles and interior steel backing create a clean, finished appearance.
- 8 Inside/outside step plates and grip handles make doors easy and safe to operate.

Doors range from 6' to 16' high and 6'2" to 20'0" wide. Consult your Clopay dealer for size options.

Greater Energy Efficiency

Foam tape thermal break separates the interior from the exterior skin to improve energy efficiency and comfort.

Galvanized Torsion Spring

Corrosion-resistant, galvanized torsion springs look better and last up to 50% longer than industry standard springs.

Due to some height and weight restrictions, not all product offerings include galvanized torsion spring.

Rust-Prevention System

Steel skins are protected through a tough, layered coating system, including a hot-dipped galvanized layer, a protective metal oxide pretreatment, and a baked-on primer and top coat.

A FOCUS ON *green*

Clopay is committed to designing, manufacturing and distributing garage doors that enhance the beauty, safety and value of your home while minimizing the impact on the environment.

The 9200 Series helps conserve natural resources by providing a durable, reliable, low-maintenance, energy efficient door insulated with polyurethane. Steel doors and hardware are impervious to moisture and will not rot, warp, crack or fade, and the steel used in Clopay's doors is made from over 75% recycled content. All Clopay doors are made in the U.S., minimizing shipping, damage and handling.

Visit our website for more details on Clopay's green practices and the tax credit qualifications.

WINDOW OPTIONS

Inspired by current architectural trends, our windows add natural light to your garage while adding curb appeal to your home. All Clopay window frames are UV-protected and are color matched to our prefinished door colors. Window frames screw in from the inside for easy glass replacement or to change designs.

Designer Collection Windows

Available in short or long panel designs, Clopay's Designer Collection Windows are created to complement many home styles.
