Imagine how a Clopay Entry Door can transform your home.

America's Favorite Doors™

The trusted leader in residential
garage doors for nearly five decades.

Introducing Clopay® Innovative Entry Door Systems

Clopay Building Products is expanding upon its heritage of innovation, brand leadership, service and customer trust by introducing a complete line of exterior entry door systems that not only complement the most popular garage door designs, but are durable, energy efficient, low maintenance and secure.

Create Greater Curb Appeal

Clopay's entry door systems capture the essence of your home with beautiful door designs and decorative glass with complementing sidelites, transoms and garage door windows, all designed to enhance any home's architectural style and increase your curb appeal.

Clopay is committed to minimizing the impact on the environment. For more details visit clopaydoor.com/cgreen.aspx

America's Favorite Doors™

Authentic details, secure
construction, energy efficient

The Clopay® Difference

The Intelligent Entry Door System

From authentic woodgrain details to energy efficient, strong construction, Clopay Arbor Grove™ Collection, Rustic Collection and Smooth Fiberglass entry door systems feature state-of-the-art components to give you peace of mind when it comes to security, durability, and energy efficiency.

How to Choose Your Entry Door

1 Consider Your Entryway

Does your opening require a single door, or a door with one or two sidelites? Can the opening be altered or is there room for a transom? Clopay® can help with any combination and deliver your door made to order, complete with your choice of finish and hardware.

2 Choose Your Door Style

To complement the architecture of your home, Clopay offers a wide array of doors, sidelites and transoms. For the authentic look of wood, select one of our Arbor Grove™, Rustic or Craftsman Collection fiberglass doors with deep woodgrain details in Cherry, Mahogany, Oak or Fir. If you prefer a painted look, select a smooth fiberglass door for long-lasting durability or choose a high definition steel door for an economically strong and secure solution.

3 Choose Your Glass

Enhance the beauty of your entry door to create greater curb appeal with our beautiful glass designs. Select from a variety of glass sizes and matching sidelites and transoms. Many designs offer a choice of coming colors to complement hardware, sill, and hinge finishes. Complementing garage door windows are also available.

Addison™

Roselle®

Clayton™

Prescott™

See pages 18–21 for all your decorative door lite choices.

4 Choose Your Finish

Finished for you, the Finishing Touch™ Stain and Paint system offers 8 stain and 17 paint colors to create a custom look for your entry door. See pages 16–17 for all your finish options.

Finishing Touch™ Stain or Paint

5 Choose Your Hardware

Premium locksets from Schlage® available in Satin Nickel, Patina or Bright Brass will complement the finish of your doorlite coming.

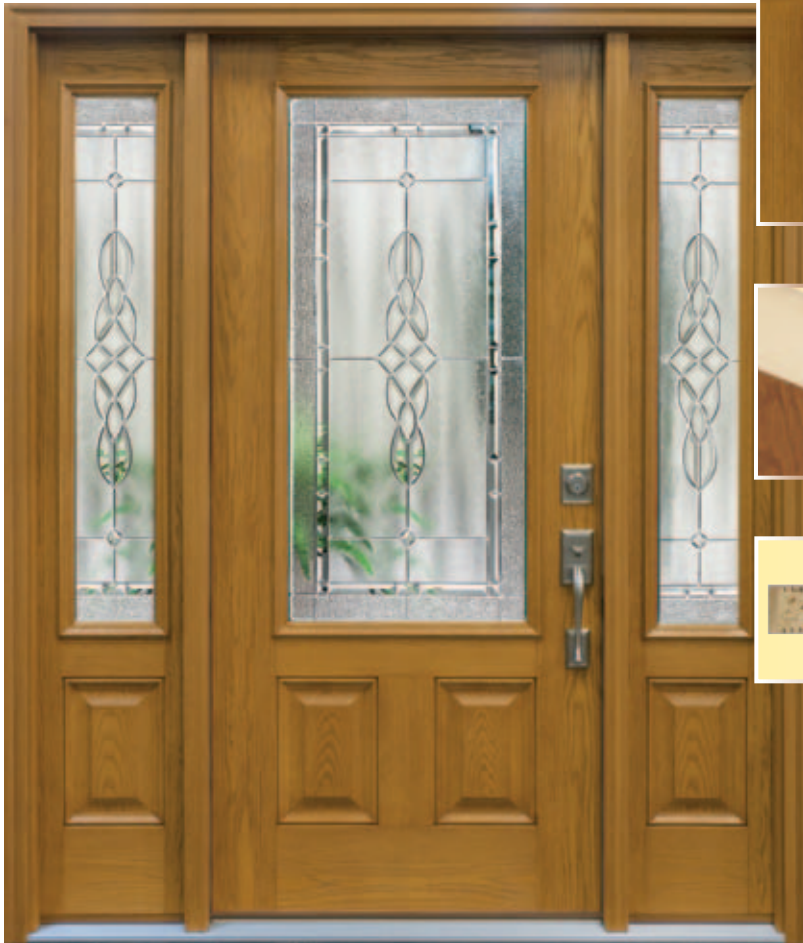

Intelligent System Design

Arbor Grove™, Rustic and Craftsman Collection Door Systems

As exterior door experts, Clopay® designed an intelligent system of proven performance doors and system components.

Durable and energy efficient, Clopay Arbor Grove, Rustic and Craftsman Collection door systems offer you years of low maintenance, dependability and security.

Arbor Grove™ Collection – Oak Grained Fiberglass Door with Pinehill™ Glass finished Medium Oak Ultra-Grain® – Style: F03071 and F0S781. See page 36.

Premium Fiberglass Doors

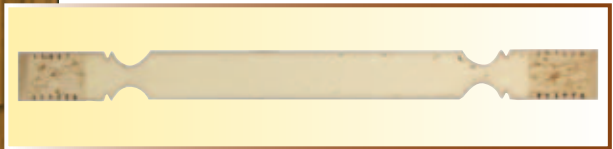

- Elegant panel designs
- Won't dent, rot, crack or rust
- Low maintenance
- Includes the Finishing Touch™, a durable, long-lasting finish

See pages 16 –17 for beautifully consistent stain or paint finish choices.

Polyurethane Foam Core

- Proven effective insulation
- Impenetrable – secure dense foam
- Energy efficient

4 1/4" Hinge & Lock Stiles

- 3 1/2" LSL (laminated strand lumber) plus 3/4" trimable hinge and lock stile run entire length of the door for added strength and stability
- Rigid, resists bowing
- True square edge, just like a real wood door

Note: Smooth fiberglass and steel doors have a 12" lock block

Composite Jambs, Brickmould & Mull Posts

- Rot and damage resistant
- Help eliminate air and water infiltration
- Standard on all fiberglass entry door systems
- Finished to match door stain or paint color

Note: Steel doors come standard with finger-jointed pine jambs, brickmould and mull.

Fiberglass doors are available with other jamb options.

Grained Jamb

White Primed Jamb

Grained Mull Post

Composite Top & Bottom Rail

- 1" top rail – 1 1/2" bottom rail
- Rot resistant – helps eliminate water infiltration

Note: Smooth fiberglass and steel doors have a 1" composite bottom rail and wood top rail.

The Intelligent Door System

Durable and Secure

All Clopay® entry door systems feature durable components constructed for safety, security and dependable performance.

Kristin® Glass

Insulated Decorative Glass

- Tempered for safety
- Triple glazed glass keeps your home warmer in winter, cooler in summer

Composite Adjustable Sills

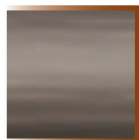

- Substrate saddle and end cap resist moisture
- Help eliminate air and water infiltration
- Rot resistant – require little to no maintenance

Sill & Hinge Finishes

Brass

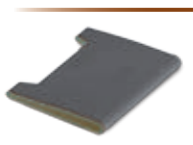

Patina

Satin Nickel

Ball bearing hinges prevent wear and sagging

Corner Seal Pad adds further protection against water infiltration.

Arbor Grove™ and Rustic Collections
natural woodgrain frames –
Stain or paint any color

Smooth Fiberglass and Steel Door
white textured frames –
Paint any color

Durable Doorlite Frames

- Won't expand or contract, warp, sag, shift or twist during extreme temperature changes
- Resist moisture – seal tight to door

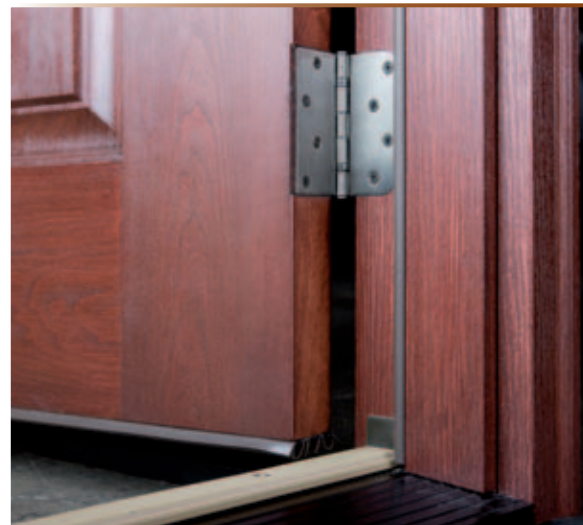

Weatherstrip

- Flexible
- Seals tight
- Easily replaced
- Available in bronze

Double Bulb, Four-Fin Sweep

- Help eliminate air and water infiltration
- Durable and long-lasting

Natural characteristics make Clopay® doors indistinguishable from real wood doors.

Arbor Grove™ Collection

The technology behind our grained fiberglass entry doors is a patented process that authentically replicates the look and feel of real wood grains. With random grain depths and all the natural characteristics of wood, you won't be able to tell the difference.

FIBERGLASS
LIMITED
LIFE
WARRANTY

Cherry

This premium hardwood is native to North America and a favorite among today's homeowners for its attractive grain. Our Cherry fiberglass entry doors accurately replicate the finest details of the woodgrain from its natural luster to its rich warm glow.

Mahogany

Considered the world's premier exotic wood from Latin America, mahogany features a fine texture and interlocking grain ranging from straight to curly. Our Mahogany fiberglass doors precisely capture all these desirable traits with elegance.

Oak

Native to North America, Oak is known for its great strength and hardness. Clopay Oak fiberglass doors feature true distinctive grain detail so realistic that you can't see or feel the difference.

Fiberglass and Steel Entry Door Products

Rustic Collection

Rustic fiberglass entry doors, made from rich Cherry grain, are designed to complement American Southwest or Tuscan-inspired architecture. Authentic proportions and distinctive panel details offer the look and feel of solid wood with the lasting durability and energy efficient benefits of fiberglass.

Craftsman Collection

Exquisitely handsome in its simplicity, Clopay's Craftsman Collection doors beautifully and authentically capture warm Fir graining. Prized for its tight vertical grain pattern, Fir exhibits a rich visual quality that further accentuates the style made popular by the artisans of the Arts and Crafts movement.

Smooth Fiberglass

A clean smooth surface with distinctive stile and rail lines and detailed panel embossing make Clopay's Smooth fiberglass doors look and feel like a painted wood door. But unlike wood they won't crack or split. Better than steel, they won't dent or rust. Offering all the performance and energy efficient benefits of fiberglass, Smooth fiberglass doors are built to last a lifetime.

High-Definition Steel

Clopay smooth steel entry doors are practical, strong and stylish with high-definition panel embossments that create shadow lines. Clopay offers a variety of attractive styles to accent your home's architecture.

All the beautiful details of wood
without any of the problems.

Fiberglass Entry Doors

Addison™ Glass

- Black Baroque
- Glue Chip Bevel Glass
- Delta Sandblast
- Clear Bevel Glass

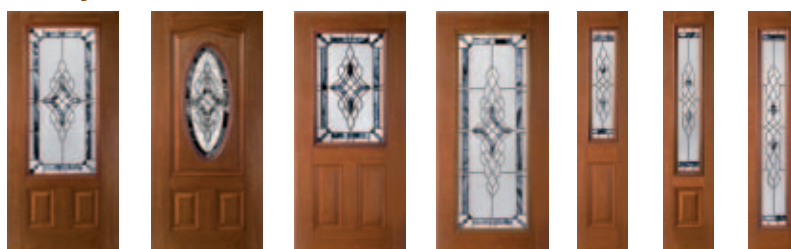

Patina

A Formal Affair

Addison Glass starkly contrasts black baroque glass with sparkling delta sandblast and glue chip glass, creating a formal look that will serve as a polished finish to Contemporary or Traditional style homes.

ROUGH OPENING chart

Dimensions listed on left are the most common door configurations with rough opening dimensions. Contact Clopay customer service for assistance.

(1-800-2CLOPAY, 225-6729)

OUTSWING UNITS

For units with bumper style sill, subtract 1" from prehung and rough opening for height. For brick-to-brick size, add 1/2" to all configurations.

THRESHOLD

On inswing units the threshold height is 13/8", which allows for approximately 1" opening clearance. If a spacer is needed under the sill to allow for added clearance, adjust the rough opening requirement accordingly.

ADA ACCESSIBLE SILLS

For units with ADA sills, subtract 3/4" from the prehung size. ADA sills can be used only on boxed units. ADA sills available in Zinc only.

7' & 8' TALL DOOR SYSTEMS

Add 4" to all heights for 7' doors and 16" for 8' doors. 7' and 8' tall doors available only in fiberglass. See your Clopay Entry Door Dealer for availability. Extended lead times will be required for all 7' and 8' doors.

TRANSOMS

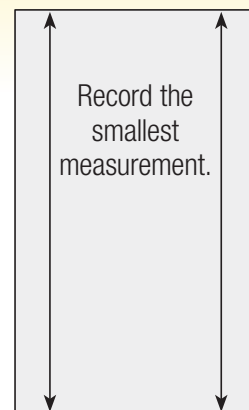

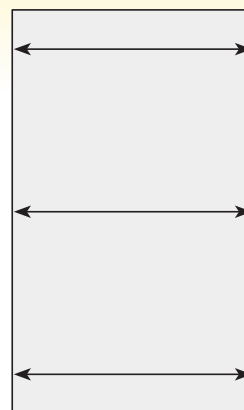

Add transom height to door dimension listed (prehung, rough opening, brick-to-brick).

Transoms are not available for 30" doors.

Continuous head & sill construction must be used when ordering a transom.

DETERMINING THE ROUGH OPENING

Record the smallest measurement.

Determine the Rough Opening

1. Between the studs, measure width at top, center and bottom of opening. Record the smallest measurement.
2. From floor up to the bottom of the header, measure height at both sides of the opening. Record the smallest measurement.

For custom door widths and heights, call customer service with requirements. Additional charges and longer lead times apply.

*Craftsman Collection Fir grain fiberglass doors with Clear Simulated Divided Lites finished Hickory— Style: FF3321 and FFS981 sidelites.
Canyon Ridge® Collection Design 13 garage doors with complementing REC13 windows.*
